VoxBo

RRID:SCR_002166

Type: Tool

Proper Citation

VoxBo (RRID:SCR_002166)

Resource Information

URL: <http://www.nitrc.org/projects/voxbo>

Proper Citation: VoxBo (RRID:SCR_002166)

Description: Software package for brain image manipulation and analysis, focusing on fMRI and lesion analysis. VoxBo can be used independently or in conjunction with other packages. It provides GLM-based statistical tools, an architecture for interoperability with other tools (they encourage users to incorporate SPM and FSL into their processing pipelines), an automation system, a system for parallel distributed computing, numerous stand-alone tools, decent wiki-based documentation, and lots more.

Abbreviations: VoxBo

Resource Type: data processing software, image analysis software, image processing software, software application, software resource

Defining Citation: [PMID:22348882](#)

Keywords: fmri, neuroimaging, brain, functional, statistical, volume, preprocessing, analysis, display, format conversion, linear, three dimensional display, workflow, lesion, analyze, c++, console (text based), dicom, image display, linux, macos, microsoft, magnetic resonance, nifti, no input/output (daemon), overlap metrics, posix/unix-like, quantification, regression, resampling, sinc function interpolation, spatial transformation, statistical operation, visualization, windows

Funding: NIDA R01DA014418;
NIMH R01MH073529

Availability: Free, Available for download, Freely available

Resource Name: VoxBo

Resource ID: SCR_002166

Alternate IDs: nif-0000-00353

Alternate URLs: <https://sources.debian.org/src/voxbo/>, <https://github.com/kimberg/voxbo>

Old URLs: <http://www.voxbo.org/>

License: GNU GPL

Record Creation Time: 20220129T080211+0000

Record Last Update: 20260829T182059+0000

Ratings and Alerts

No rating or validation information has been found for VoxBo.

No alerts have been found for VoxBo.
