Proper Citation: Collaborative Chronic Care Network (RRID:SCR_003708)

Description: Project designing, prototyping, optimizing, and evaluating a learning health system to improve clinical practice, patient self-management, and disease outcomes of patients with chronic illness. This open, peer production system combines the collective input of patients, clinicians and researchers. It combines large clinical data registries with patient entered data and makes them accessible and interactive. A platform allows researchers to design, test and implement new knowledge and innovations in patient care. To test their platform approach, C3N is working on a model of treating children with Inflammatory Bowel Disease using the ImproveCareNow Network of pediatric clinics. Following this demonstration phase, the goal is to apply the social, scientific and technical platform to transform the care of a variety of chronic illnesses. The C3N effort has the following goals: # Deploy and optimize an integrated set of engagement tools to make it easier for patients and care providers to collect and use the right information during the clinical encounter and in between visits. # Prototype novel interventions to re-design care delivery by promoting the development of tools for real-time and dynamic population management, "just-in time" scheduling of visits, virtual clinic visits, and measuring the impact of these interventions on health, care, and cost. # Pilot and deploy patient-focused technology to improve the flow of data between patients, clinicians and scientists to enable faster learning and improvement.

Abbreviations: C3N

Synonyms: C3N Project

Resource Type: organization portal, portal, data or information resource, consortium

Keywords: pediatric, child, young human, chronic illness care, patient outcome, clinical, health care, treatment, gastroenterology, collaboration, prototype, intervention

Funding: NIDDK R01DK085719

Resource Name: Collaborative Chronic Care Network

Resource ID: SCR_003708

Alternate IDs: nlx_157875

Record Creation Time: 20220129T080220+0000

Record Last Update: 20260810T040347+0000

Ratings and Alerts

No rating or validation information has been found for Collaborative Chronic Care Network.

No alerts have been found for Collaborative Chronic Care Network.
