Google Charts

RRID:SCR_014010

Type: Tool

Proper Citation

Google Charts (RRID:SCR_014010)

Resource Information

URL: <https://developers.google.com/chart/>

Proper Citation: Google Charts (RRID:SCR_014010)

Description: A web application which allows users to create data visualizations using JavaScript that can be embedded in a web page. Users can load some Google Chart libraries, list the data to be charted, select options to customize their chart, and create a chart object with a personally chosen id. Then, in the web page, users create a

with that id to display the Google Chart. Charts are customizable and interactive, and since they are rendered using HTML5/SVG technology, charts are cross-browser compatibility and cross platform portability to iPhones, iPads and Android.

Resource Type: software resource, web application

Keywords: web application, data visualization, chart, interactive

Availability: Free, Public

Resource Name: Google Charts

Resource ID: SCR_014010
