Allen Institute Mouse Whole Cortex and Hippocampus SMART-seq

RRID:SCR_019013

Type: Tool

Proper Citation

Allen Institute Mouse Whole Cortex and Hippocampus SMART-seq (RRID:SCR_019013)

Resource Information

URL: <https://portal.brain-map.org/atlasses-and-data/rnaseq/mouse-whole-cortex-and-hippocampus-smart-seq>

Proper Citation: Allen Institute Mouse Whole Cortex and Hippocampus SMART-seq (RRID:SCR_019013)

Description: Collection of data set including single cell transcriptomes from multiple cortical areas and hippocampal formation. Samples were collected from dissections of brain regions from 8 week old male and female mice, primarily from pan GABAergic, pan glutamatergic, and pan neuronal transgenic lines, with addition of more specific transgenic lines and some retrogradely labeled cells in VISp and ALM.

Synonyms: Mouse Whole Cortex and Hippocampus SMART-seq

Resource Type: atlas, data or information resource, spatially referenced dataset

Keywords: Data collection, single cell transcriptomes, multiple cortical area, hippocampal formation, eight week old mice brain sample, pan GABAergic line, pan glutamatergic line, pan neuronal transgenic line

Availability: Free, Freely available

Resource Name: Allen Institute Mouse Whole Cortex and Hippocampus SMART-seq

Resource ID: SCR_019013

Record Creation Time: 20220129T080343+0000

Record Last Update: 20260821T194154+0000

Ratings and Alerts

No rating or validation information has been found for Allen Institute Mouse Whole Cortex and Hippocampus SMART-seq.

No alerts have been found for Allen Institute Mouse Whole Cortex and Hippocampus SMART-seq.
