Proper Citation: DHARMa (RRID:SCR_022136)

Description: Software R package to create readily interpretable scaled (quantile) residuals for fitted (generalized) linear mixed models. Package also provides number of plot and test functions for typical model misspecification problems.

Synonyms: Diagnostics for Hierarchical Regression Models

Resource Type: software resource, software toolkit

Keywords: create readily interpretable scaled residuals, fitted linear mixed models, typical model misspecification problems

Availability: Free, Available for download, Freely available

Resource Name: DHARMa

Resource ID: SCR_022136
