Proper Citation: Pipette Finding CNN (RRID:SCR_024992)

Description: Software application for convolutional neural network that assesses pipette positioning before patch clamp is begun to minimize patch clamping errors in electrophysiology experiments. Used for detecting pipette positioning and making patch clamping procedures.

Synonyms: Pipette Finding Convolutional Neural Network

Resource Type: source code, software resource

Keywords: OpenBehavior, convolutional neural network, pipette positioning assesement, minimize patch clamping errors, electrophysiology experiments, detecting pipette positioning, making patch clamping procedures,

Availability: Free, Available for download, Freely available

Resource Name: Pipette Finding CNN
