University of Chicago Single Cell Immunophenotyping Core Facility

RRID:SCR_025140

Type: Tool

Proper Citation

University of Chicago Single Cell Immunophenotyping Core Facility (RRID:SCR_025140)

Resource Information

URL: <https://scic.pme.uchicago.edu>

Proper Citation: University of Chicago Single Cell Immunophenotyping Core Facility (RRID:SCR_025140)

Description: Core is self service facility that provides access to specialized instrumentation for phenotyping and genotyping of immune cells. Offers single cell next generation sequencing and quality control technologies. All instruments are located in the laboratories of four different CIIC investigators (KCB D 10220E and 10220C), and are available for use by the larger UChicago community.

Synonyms: Single Cell Immunophenotyping Core, University of Chicago Single Cell Immunophenotyping Core

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, phenotyping, genotyping, immune cells, single cell next generation sequencing,

Availability: Restricted

Resource Name: University of Chicago Single Cell Immunophenotyping Core Facility

Resource ID: SCR_025140

Alternate IDs: ABRF_2688

Alternate URLs: <https://coremarketplace.org/?FacilityID=2688&citation=1>

Old URLs: <https://ciic.uchicago.edu/core-facilities/single-cell-immunophenotyping>

Record Creation Time: 20240323T053301+0000

Record Last Update: 20260821T194305+0000

Ratings and Alerts

No rating or validation information has been found for University of Chicago Single Cell Immunophenotyping Core Facility.

No alerts have been found for University of Chicago Single Cell Immunophenotyping Core Facility.
