## African Population Ontology

RRID:SCR\_026919

Type: Tool

### Proper Citation

African Population Ontology (RRID:SCR\_026919)

### Resource Information

**URL:** <https://obofoundry.org/ontology/afpo.html>

**Proper Citation:** African Population Ontology (RRID:SCR\_026919)

**Description:** AfPO is an ontology that can be used in the study of diverse populations across Africa. It brings together publicly available demographic, anthropological and genetic data relating to African people in standardised and structured format. AfPO can be employed to classify African study participants comprehensively in prospective research studies. It can also be used to classify past study participants by mapping them using language or ethnicity identifier or synonyms.

**Abbreviations:** AfPO

**Resource Type:** controlled vocabulary, data or information resource, ontology

**Keywords:** African people, classify African study participants, ontology, study of diverse populations across Africa, language or ethnicity identifier,

**Availability:** Free, Freely available

**Resource Name:** African Population Ontology

**Resource ID:** SCR\_026919

**Record Creation Time:** 20250513T055331+0000

**Record Last Update:** 20260829T183458+0000

### Ratings and Alerts

No rating or validation information has been found for African Population Ontology.
