Proper Citation: University of Hawaii at Manoa Microbial, Genomic, and Arthropod Laboratory Core Facility (RRID:SCR_028689)

Description: Centralized molecular and analytical core that provides full service genomic library preparation, high-throughput DNA/RNA extractions, small molecule analysis, and routine isolation and storage of microbial strains. Specializes in environmental samples and offer low-cost fees for training and walk-in instrument use. Functions as a bio-repository of experimental arthropod models including Drosophila and other endemic insects

Resource Type: access service resource, core facility, service resource
