REX

RRID:SCR_002532
Type: Tool

Proper Citation

REX (RRID:SCR_002532)

Resource Information

URL: https://www.nitrc.org/projects/rex/

Proper Citation: REX (RRID:SCR_002532)

Description: A stand-alone MATLAB-based toolkit for the rapid and flexible exploration of Region of Interest (ROI) response waveforms and other signals from across large fMRI datasets. An alpha-release is currently available for use with an example dataset and tutorial.

Abbreviations: REX

Resource Type: software toolkit, software application, data processing software, image analysis software, software resource

Keywords: analyze, linux, macos, matlab, magnetic resonance, nifti, posix/unix-like, time domain analysis, visualization, workflow, region of interest, fmri

Availability: Free, Available for download, Freely available

Resource Name: REX

Resource ID: SCR_002532

Alternate IDs: nlx_155937

Alternate URLs: http://www.nitrc.org/projects/rex

Old URLs: http://www.neuroimaging.org.au/nig/rex

License: GNU General Public License

Record Creation Time: 20220129T080213+0000

Record Last Update: 20260804T043200+0000

Ratings and Alerts

No rating or validation information has been found for REX.

No alerts have been found for REX.

Data and Source Information
