Proper Citation: OppNet - Basic Behavioral and Social Science Opportunity Network (RRID:SCR_003522)

Description: OppNet is a trans-NIH initiative to expand the agency's funding of basic behavioral and social sciences research (b-BSSR). Basic-BSSR studies mechanisms and processes that influence behavior at the individual, group, community and population level. Research results lead to new approaches for reducing risky behaviors and improving the adoption of healthy practices. The mission of OppNet is to pursue opportunities for strengthening basic behavioral and social science research (b-BSSR) at the NIH while innovating beyond existing investments. * OppNet advances basic behavioral and social science research through activities and initiatives that build a body of knowledge about the nature of behavior and social systems. * OppNet prioritizes activities and initiatives that focus on basic mechanisms of behavior and social processes; that are relevant to the missions and public health challenges of multiple NIH Institutes, Centers and Offices (ICOs); and that build upon existing NIH investments without replicating them. All NIH Institutes and Centers (ICs) share the mission of supporting b-BSSR. OppNet will also develop a plan for focused multi-year programs across ICs to advance priority topics within b-BSSR.

Abbreviations: OppNet

Synonyms: OppNet: Basic Behavioral and Social Science Opportunity Network

Resource Type: funding resource, organization portal, data or information resource, portal

Resource Name: OppNet - Basic Behavioral and Social Science Opportunity Network

Resource ID: SCR_003522

Alternate IDs: nif-0000-38232
