Proper Citation: Brain Science Podcast (RRID:SCR_004491)

Description: Podcast, hosted by Dr. Ginger Campbell, featuring the latest books about neuroscience as well as interviews with leading scientists from around the world. In this podcast, she shares recent discoveries from the world of neuroscience in a way that people of all backgrounds can enjoy. Dr. Campbell is an experienced emergency physician with a long-standing interest in mind-body medicine, the brain, and consciousness. She believes that understanding how the brain works gives us insight into what makes us human. She is also committed to showing how the scientific method has unraveled many long-standing mysteries. Brain Science Transcripts are also available.
