## FusionMap

RRID:SCR\_005242

Type: Tool

---

### Proper Citation

FusionMap (RRID:SCR\_005242)

---

### Resource Information

**URL:** <http://www.omicsoft.com/fusionmap/>

**Proper Citation:** FusionMap (RRID:SCR\_005242)

**Description:** An efficient fusion aligner which aligns reads spanning fusion junctions directly to the genome without prior knowledge of potential fusion regions. It detects and characterizes fusion junctions at base-pair resolution. FusionMap can be applied to detect fusion junctions in both single- and paired-end dataset from either gDNA-Seq or RNA-Seq studies. FusionMap runs under both Windows and Linux (requiring MONO) environments. Although it can run on 32 bit machine, it is recommended to run on 64-bit machine with 8GB RAM or more. If you have an ArrayStudio License, you can run the fusion detection easily through its GUI.

**Abbreviations:** FusionMap

**Resource Type:** software resource

**Defining Citation:** [PMID:21593131](#)

**Keywords:** windows, linux, c#, fusion gene, next-generation sequencing, gene, reference indexing, read filtering, fusion alignment, reporting, alignment, bio.tools

**Availability:** Free, Non-commercial

**Resource Name:** FusionMap

**Resource ID:** SCR\_005242

**Alternate IDs:** biotools:fusionmap, OMICS\_00316

**Alternate URLs:** <https://bio.tools/fusionmap>

**Record Creation Time:** 20220129T080229+0000

**Record Last Update:** 20260801T190251+0000

---

## Ratings and Alerts

No rating or validation information has been found for FusionMap.

No alerts have been found for FusionMap.
