Proper Citation: Mapping Data to the Talairach Atlas (RRID:SCR_005284)

Description: A sample script on how to map some numbers to brain regions, using the Talairach-Tournoux Atlas database. For example, put the value 0.379 in each hippocampus voxel, and the value 0.666 in each superior temporal gyrus voxel.

Abbreviations: Mapping Data to the Talairach Atlas

Resource Type: image processing software, software resource, software application, data processing software

Keywords: talairach, atlas, brain, label

Resource Name: Mapping Data to the Talairach Atlas

Resource ID: SCR_005284

Alternate IDs: nlx_144320

Record Creation Time: 20220129T080229+0000
