CloVR

RRID:SCR_005290

Type: Tool

Proper Citation

CloVR (RRID:SCR_005290)

Resource Information

URL: <http://clovr.org/>

Proper Citation: CloVR (RRID:SCR_005290)

Description: A desktop application for push-button automated sequence analysis that can utilize cloud computing resources. CloVR is implemented as a single portable virtual machine (VM) that provides several automated analysis pipelines for microbial genomics, including 16S, whole genome and metagenome sequence analysis. The CloVR VM runs on a personal computer, utilizes local computer resources and requires minimal installation, addressing key challenges in deploying bioinformatics workflows. In addition CloVR supports use of remote cloud computing resources to improve performance for large-scale sequence processing.

Abbreviations: CloVR

Synonyms: CloVR - Automated Sequence Analysis from Your Desktop, Cloud Virtual Resource

Resource Type: software resource, service resource

Defining Citation: [PMID:21878105](#)

Keywords: cloud computing, next-generation sequencing

Funding: Amazon Web Services in Education Research Grants program ;
National Human Genome Research Institute ;
NHGRI RC2 HG005597-01;
NSF 0949201

Resource Name: CloVR

Resource ID: SCR_005290

Alternate IDs: OMICS_01216

Record Creation Time: 20220129T080229+0000

Record Last Update: 20260801T191051+0000

Ratings and Alerts

No rating or validation information has been found for CloVR.

No alerts have been found for CloVR.
