GMAP

RRID:SCR_008992

Type: Tool

Proper Citation

GMAP (RRID:SCR_008992)

Resource Information

URL: <http://research-pub.gene.com/gmap/>

Proper Citation: GMAP (RRID:SCR_008992)

Description: THIS RESOURCE IS NO LONGER IN SERVICE, documented August 29, 2016. A software program for mapping and aligning cDNA sequences to a genome. The program maps and aligns a single sequence with minimal startup time and memory requirements, and provides fast batch processing of large sequence sets. The program generates accurate gene structures, even in the presence of substantial polymorphisms and sequence errors, without using probabilistic splice site models. Methodology underlying the program includes a minimal sampling strategy for genomic mapping, oligomer chaining for approximate alignment, sandwich DP for splice site detection, and microexon identification with statistical significance testing.

Abbreviations: GMAP

Resource Type: alignment software, software application, data processing software, source code, image analysis software, software resource

Defining Citation: [PMID:15728110](#)

Keywords: mrna, est sequence, expressed sequence tag, sequence, cdna sequence, genome, cdna, bio.tools

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: GMAP

Resource ID: SCR_008992

Alternate IDs: OMICS_15072, biotools:gmap, nlx_152505

Alternate URLs: <https://bio.tools/gmap>, <https://sources.debian.org/src/gmap/>

Record Creation Time: 20220129T080250+0000

Record Last Update: 20260804T043410+0000

Ratings and Alerts

No rating or validation information has been found for GMAP.

No alerts have been found for GMAP.
