Proper Citation: CHB Computational Radiology Laboratory (RRID:SCR_009709)

Description: Core facility that provides the following services: Imaging consultation service, Image analysis service. The CRL was formed with the mission of improving our understanding of the structure and function of the brain and other organs of the human body, in order to improve our capacity to diagnose and treat disease. Members of the CRL achieve this by developing novel technologies and computational modeling strategies for understanding and interpreting radiological images.

Resource Type: service resource, access service resource, core facility

Keywords: digital imaging
