# **DFCI Blais Proteomics Center**

RRID:SCR\_009748

Type: Tool

### **Proper Citation**

DFCI Blais Proteomics Center (RRID:SCR\_009748)

#### **Resource Information**

URL: http://harvard.eagle-i.net/i/0000012e-59aa-00d7-55da-381e80000000

**Proper Citation:** DFCI Blais Proteomics Center (RRID:SCR\_009748)

**Description:** Core facility that provides the following services: Mass spectrometry service.

The Blais Proteomics Center develops and applies state-of-the-art proteomics, informatics, and related technologies for direct interrogation of protein expression, modification, and function in response to biological perturbation in cell-based models of human cancer and primary tissues. The Blais Proteomics Center serves as a valuable resource to support individual research labs at the Dana-Farber and throughout the surrounding research community. As a key component of Dana-Farber?s Strategic Plan for Research, Blais Proteomics actively participates with other Dana-Farber Strategic Research Centers in large-scale studies, designed to leverage disparate capabilities in pursuit of novel, in-depth, and otherwise unattainable insights into human biology and disease. Consistent with our role as a world-class, center of excellence in proteomics science, members of the Blais Proteomics center contribute to the teaching mission at Harvard Medical School and participate in outreach activities designed to introduce and train young scientists and others who may not otherwise have access to these advanced technologies.

Resource Type: service resource, core facility, access service resource

**Keywords:** mass spectrometry assay

**Funding:** 

Resource Name: DFCI Blais Proteomics Center

Resource ID: SCR\_009748

Alternate IDs: nlx\_156209

Alternate URLs: http://blais.dfci.harvard.edu/
