NeuronStudio

RRID:SCR_013798

Type: Tool

Proper Citation

NeuronStudio (RRID:SCR_013798)

Resource Information

URL: <http://research.mssm.edu/cnic/tools-ns.html>

Proper Citation: NeuronStudio (RRID:SCR_013798)

Description: A software application which allows reconstruction of neuronal structures from confocal and multi-photon images. NeuronStudio provides tools for manual, semi-manual, and automatic tracing of the dendritic arbor, as well as manual and automatic detection and classification of dendritic spines. Advanced 2D and 3D visualization techniques facilitate the verification of the reconstruction, as well as allowing accurate manual editing. The most current version is Version 0.9.92 which was last updated on November 19, 2009.

Synonyms: NeuronStudio (Beta)

Resource Type: software resource

Keywords: software application, dendritic arbor, dendritic spines, trace, reconstruction, confocal image, multi-photon image

Availability: Free, Public, Must cite

Resource Name: NeuronStudio

Resource ID: SCR_013798
