Proper Citation: Sera Laboratories International (RRID:SCR_013845)

Description: A biomaterial supply resource which provides human and animal biological matrices and services. Human biomaterials and tools include hepatocytes, clinical samples, normal samples, subcellular fractions, immunology products, renal cells, cell cultures, and diagnostic tools. Animal biomaterials include hepatocytes, blood, fluid, and tissue samples, subcellular fractions, and cell cultures. Custom cells and clinical samples are available for purchase, as are hepatocyte and renal media.

Synonyms: Seralab

Resource Type: instrument supplier, material resource

Keywords: biomaterial supply resource, human, human biomaterial, animal biomaterial, custom cell, clinical sample

Availability: Available for purchase

Resource Name: Sera Laboratories International

Resource ID: SCR_013845

License URLs: <http://www.seralab.co.uk/terms-business>

Record Creation Time: 20220129T080318+0000

Record Last Update: 20260801T190505+0000
