Proper Citation: NIRSPORT (RRID:SCR_014541)

Description: A commercial cap product that records fNIR signals from the participant. NIRSport integrates for concurrent measurements with EEG, fMRI, eye-tracking, cochlear implants, TMS, tDCS, EMG, pulse oximetry, and other modalities for concurrent measurements. Researchers can conduct tandem studies with two separate systems synchronized to operate simultaneously.

Resource Type: software resource

Keywords: commercial, cap, fnir, nirx, wearable system, device

Availability: Commercial product

Resource Name: NIRSPORT

Resource ID: SCR_014541

Record Creation Time: 20220129T080321+0000

Record Last Update: 20260801T190504+0000
