Proper Citation: VolView (RRID:SCR_014569)

Description: A software for volume visualization that can be used by researchers to explore and analyze medical and scientific data. This software uses a variety of tools to load and visualize the data on either a 2D or 3D display. These tools include volume rendering, maximum intensity projections and oblique reformatting. Visualizations can be saved mid-session and be reopened at a later time.

Resource Type: image processing software, 3d spatial image, software application, data processing software, image, image analysis software, data or information resource, software resource

Keywords: volume visualization, volume, analysis, 2d, 3d, volume, rendering, intensity, oblique reformatting, visualization, volume rendering, rendering software

Availability: Open Source

Resource Name: VolView

Resource ID: SCR_014569

Record Creation Time: 20220129T080321+0000

Record Last Update: 20260804T043547+0000

Ratings and Alerts

No rating or validation information has been found for VolView.

No alerts have been found for VolView.

Data and Source Information

Usage and Citation Metrics

We found 61 mentions in open access literature.

Listed below are recent publications. The full list is available at [ASWG](#) .
