CVODE

RRID:SCR_014696

Type: Tool

Proper Citation

CVODE (RRID:SCR_014696)

Resource Information

URL: <http://computation.llnl.gov/projects/sundials/cvode>

Proper Citation: CVODE (RRID:SCR_014696)

Description: Solver for stiff and nonstiff ordinary differential equation (ODE) systems (initial value problem), given in explicit form $y' = f(t,y)$, based on Adams and BDF methods. It is one of the programs that makes up the Suite of Nonlinear and Differential/Algebraic Equation Solvers (SUNDIALS)., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

Synonyms: SUNDIALS CVODE

Resource Type: data analysis software, software resource, data processing software, software application

Keywords: data analysis software, solver, equation solver, ordinary differential equation, differential equation, stiff, nonstiff

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: CVODE

Resource ID: SCR_014696

Record Creation Time: 20220129T080321+0000

Record Last Update: 20260803T040703+0000

Ratings and Alerts

No rating or validation information has been found for CVODE.

No alerts have been found for CVODE.
