Proper Citation: HeteroAnalysis (RRID:SCR_014991)

Description: Software for analyzing sedimentation equilibrium (SE) data from analytical ultracentrifugation experiments. It uses a model-dependent simulation of data for matching data in order to determine when equilibrium has been achieved.

Synonyms: HeteroAnalysis Version 1.1.0.58

Resource Type: algorithm resource, data analysis software, data processing software, software application, software resource

Keywords: sedimentation equilibrium, ultracentrifugation, analysis, model dependent

Availability: Available for download

Resource Name: HeteroAnalysis
