Proper Citation: FluoroFinder (RRID:SCR_015485)

Description: Platform provides tools and web services for multicolor fluorescence experiment design, flow cytometry, and microscopy. Provides online spectra viewer and flow cytometry panel design tools and spectral analysis. By integrating experiment design tools featuring preloaded instrument configurations with comprehensive antibody database, panel builder speeds up flow cytometry experiment design.

Resource Type: service resource

Keywords: Multicolor fluorescence experiment design tools and web services, flow cytometry, microscopy, fluorescence, FluoroFinder, panel builder, flow cytometry experiment design

Resource Name: FluoroFinder

Resource ID: SCR_015485
