Donald Danforth Plant Science Center Advanced Bioimaging Laboratory Core Facility

RRID:SCR_018951
Type: Tool

Proper Citation

Donald Danforth Plant Science Center Advanced Bioimaging Laboratory Core Facility (RRID:SCR_018951)

Resource Information

URL: https://www.danforthcenter.org/our-work/core-facilities/advanced-bioimaging-laboratory/

Proper Citation: Donald Danforth Plant Science Center Advanced Bioimaging Laboratory Core Facility (RRID:SCR_018951)

Description: Core provides instruments for live cell imaging including Leica SP8-X confocal microscope and other fluorescence microscopes. Facility provides workstation for confocal image processing, ancillary equipment required for transmission electron microscopy. Services are provided as self services after user training by IMF staff or as full services done by core facility staff.

Synonyms: Advanced Bioimaging Laboratory, Donald Danforth Plant Science Center Integrated Microscopy Facility

Resource Type: service resource, access service resource, core facility

Keywords: Live cell imaging, Leica SP8-X, confocal microscope, flulorescent microscope, confocal image processing, transmission electron microscopy, ABRF, ABRF

Funding: NSF ;
NIH

Resource Name: Donald Danforth Plant Science Center Advanced Bioimaging Laboratory Core Facility

Resource ID: SCR_018951

Alternate IDs: ABRF_1026

Alternate URLs: https://www.scienceexchange.com/labs/advanced-bioimaging-laboratory, https://coremarketplace.org/?FacilityID=1026

Record Creation Time: 20220129T080342+0000

Record Last Update: 20260804T043722+0000

Ratings and Alerts

No rating or validation information has been found for Donald Danforth Plant Science Center Advanced Bioimaging Laboratory Core Facility.

No alerts have been found for Donald Danforth Plant Science Center Advanced Bioimaging Laboratory Core Facility.
