Proper Citation: Colorado University at Boulder Stem Cell Research and Technology Resource Center Core Facility (RRID:SCR_018994)

Description: Shared facility provides space for culturing human induced pluripotent stem cells on second floor of Porter Biosciences. Provides biosafety cabinets, CO₂ and variable oxygen control incubators, inverted phase contrast microscopes, and sterile dissection hood equipped with dissecting microscope and heated stage, inverted fluorescence microscopes with live-cell time-lapse capabilities, centrifuges, liquid nitrogen cryostorage space, refrigerators, freezers, water baths, dedicated bioengineering space, and viral expression core. Routine mycoplasma testing is performed in-house and karyotyping services are carried out via contract.

Synonyms: CU Boulder Stem Cell Research and Technology Resource Center, Stem Cell Research and Technology Resource Center

Resource Type: core facility, service resource, access service resource

Keywords: USEDit, ABRF, ABRF

Availability: open

Resource Name: Colorado University at Boulder Stem Cell Research and Technology Resource Center Core Facility

Resource ID: SCR_018994
