STARsolo

RRID:SCR_021542

Type: Tool

Proper Citation

STARsolo (RRID:SCR_021542)

Resource Information

URL: <https://github.com/alexdobin/STAR/blob/master/docs/STARsolo.md>

Proper Citation: STARsolo (RRID:SCR_021542)

Description: Software tool for accurate, fast and versatile mapping/quantification of single cell and single nucleus RNA-seq data. Used for mapping, demultiplexing and quantification for single cell RNA-seq. Comprehensive turnkey solution for quantifying gene expression in single-cell/nucleus RNA-seq data, built into RNA-seq aligner STAR.

Resource Type: data analysis software, data analytics software, data processing software, software application, software resource

Defining Citation: [DOI:10.1101/2021.05.05.442755](https://doi.org/10.1101/2021.05.05.442755)

Keywords: mapping, quantification, single cell, single nucleus, RNA-seq data, quantifying gene expression

Availability: Free, Available for download, Freely available

Resource Name: STARsolo

Resource ID: SCR_021542

Record Creation Time: 20220129T080356+0000

Record Last Update: 20260912T195957+0000

Ratings and Alerts

No rating or validation information has been found for STARsolo.

No alerts have been found for STARsolo.

Data and Source Information

Usage and Citation Metrics

We found 127 mentions in open access literature.

Listed below are recent publications. The full list is available at [ASWG](#) .
