Proper Citation: University of Vermont Functional Brain Imaging Core Facility (RRID:SCR_023546)

Description: Core to perform functional brain imaging studies collaboratively with Department of Radiology utilizing Tesla Phillips Achieva scanner and CNRU experimental image capture and analysis system. Works collaboratively with other laboratories within Psychiatry Department to serve mutual research interests. Collaborates across Neuroscience Consortium with investigators in Departments of Neurology, Anatomy, Psychology, as well as GCRC investigators to further develop brain imaging expertise at UVM. Functional imaging experimental and analysis expertise reside in CNRU-Psychiatry. Technical personnel necessary to operate imaging program including MR physicist, fMRI radiologist, and technicians are employed by Department of Radiology in College of Medicine.

Synonyms: Functional Brain Imaging Core, UVM MRI Center for Biomedical Imaging, University of Vermont Functional Brain Imaging Core

Resource Type: access service resource, core facility, service resource
