University of Florida Health Mass Spectrometry and Proteomics Core Facility

RRID:SCR_023576

Type: Tool

Proper Citation

University of Florida Health Mass Spectrometry and Proteomics Core Facility
(RRID:SCR_023576)

Resource Information

URL: <https://scripps.ufl.edu/cores-and-technologies/mass-spectrometry-and-proteomics/>

Proper Citation: University of Florida Health Mass Spectrometry and Proteomics Core Facility (RRID:SCR_023576)

Description: Core provides range of mass spectrometry based proteomics services to assist with protein characterization, identification and quantification, and apply these technologies to solve relevant biological problems. Equipment including Thermo Scientific Orbitrap Fusion Tribrid mass spectrometer, Thermo Scientific Q Exactive hybrid quadrupole-Orbitrap benchtop mass spectrometer, Agilent Technologies 1100 HPLC. Services include Mini SDS-PAGE, Gel Coomassie staining, Protein/Peptide Assay, Protein Precipitation, Solution or in-gel sample digestion and high resolution LC-MS/MS using 1-4Hr gradients, High resolution LC-MS/MS using 1-4Hr gradients (self-digested samples), High resolution MS and MS/MS via direct infusion, Protein digest clean up, TMT quantification, SILAC quantification, Label free quantification, HPLC peptide separation.

Synonyms: Mass Spectrometry and Proteomics, University of Florida Health Mass Spectrometry and Proteomics

Resource Type: access service resource, core facility, service resource

Keywords: USEDit, ABRF, mass spectrometry, proteomics services, protein characterization, protein identification, protein quantification,

Availability: Open

Resource Name: University of Florida Health Mass Spectrometry and Proteomics Core Facility

Resource ID: SCR_023576

Alternate IDs: ABRF_1763

Alternate URLs: <https://coremarketplace.org/?FacilityID=1763&citation=1>

Record Creation Time: 20230519T050224+0000

Record Last Update: 20260805T044517+0000

Ratings and Alerts

No rating or validation information has been found for University of Florida Health Mass Spectrometry and Proteomics Core Facility.

No alerts have been found for University of Florida Health Mass Spectrometry and Proteomics Core Facility.
