Stem

RRID:SCR_024499

Type: Tool

Proper Citation

Stem (RRID:SCR_024499)

Resource Information

URL: <https://www.cs.cmu.edu/~jernst/stem/>

Proper Citation: Stem (RRID:SCR_024499)

Description: Software tool for analysis of short time series gene expression data. Java program for clustering, comparing, and visualizing short time series gene expression data from microarray experiments. Allows to identify significant temporal expression profiles and genes associated with these profiles and to compare behavior of these genes across multiple conditions. STEM is fully integrated with the Gene Ontology.

Synonyms: Short Time-series Expression Miner

Resource Type: software resource, data processing software, software application, data analysis software

Defining Citation: [PMID:16597342](#)

Keywords: short time series gene expression data analysis, clustering, comparing, visualizing, short time series gene expression data, microarray experiments data, identify temporal expression profiles identify genes associated with expression profiles, compare behavior of genes across multiple conditions,

Availability: Free, Available for download, Freely available

Resource Name: Stem

Resource ID: SCR_024499

Record Creation Time: 20231002T161336+0000

Record Last Update: 20260804T043818+0000

Ratings and Alerts

No rating or validation information has been found for Stem.

No alerts have been found for Stem.
