Louisiana State University in Shreveport Animal Models and Histology Core Facility

RRID:SCR_024776

Type: Tool

Proper Citation

Louisiana State University in Shreveport Animal Models and Histology Core Facility
(RRID:SCR_024776)

Resource Information

URL: <https://www.lsuhs.edu/centers/cardiovascular-diseases-and-sciences/cobre/cobre-core-facilities>

Proper Citation: Louisiana State University in Shreveport Animal Models and Histology Core Facility (RRID:SCR_024776)

Description: Core provides services for mouse genotyping and tissue histology, access to tools for analyzing cardiovascular function, data analysis, expertise and training. Services include genotyping using PCR or RT PCR, histology services with tissue processing, paraffin-embedding and sectioning, along with several cardiovascular relevant histological stains such as Picrosirius Red and Masson Trichrome.

Synonyms: Animal Models and Histology Core, Louisiana State University in Shreveport Animal Models and Histology Core

Resource Type: service resource, access service resource, core facility

Keywords: ABRF, mouse genotyping, tissue histology, analyzing cardiovascular function, genotyping, PCR, RT PCR, histology services,

Funding: NIGMS COBRE

Resource Name: Louisiana State University in Shreveport Animal Models and Histology Core Facility

Resource ID: SCR_024776

Alternate IDs: ABRF_2568

Alternate URLs: <https://coremarketplace.org/?FacilityID=2568&citation=1>

Record Creation Time: 20231212T050231+0000

Record Last Update: 20260804T043825+0000

Ratings and Alerts

No rating or validation information has been found for Louisiana State University in Shreveport Animal Models and Histology Core Facility.

No alerts have been found for Louisiana State University in Shreveport Animal Models and Histology Core Facility.
