University of Nevada Reno School of Medicine High Spatial and Temporal Resolution Imaging Core Facility

RRID:SCR_024793
Type: Tool

Proper Citation

University of Nevada Reno School of Medicine High Spatial and Temporal Resolution Imaging Core Facility (RRID:SCR_024793)

Resource Information

URL: https://med.unr.edu/research/core-facilities-centers/high-spatial-temporal-resolution-imaging-core

Proper Citation: University of Nevada Reno School of Medicine High Spatial and Temporal Resolution Imaging Core Facility (RRID:SCR_024793)

Description: Core provides high spatial and temporal resolution imaging methodologies and instrumentation for studying cellular structure, signaling pathways, and function in health and disease. Offers education, training and expertise in advising investigators in the use of the new technologies.

Abbreviations: HSTRI Core

Synonyms: , University of Nevada High Spatial and Temporal Resolution Imaging Core

Resource Type: core facility, service resource, access service resource

Keywords: ABRF, Image acquisition and analysis, high spatial and temporal resolution imaging,

Funding: NIGMS P20GM130459

Availability: Open

Resource Name: University of Nevada Reno School of Medicine High Spatial and Temporal Resolution Imaging Core Facility

Resource ID: SCR_024793

Alternate IDs: ABRF_2596

Alternate URLs: https://coremarketplace.org/?FacilityID=2596&citation=1

Record Creation Time: 20231215T210014+0000

Record Last Update: 20260801T191252+0000

Ratings and Alerts

No rating or validation information has been found for University of Nevada Reno School of Medicine High Spatial and Temporal Resolution Imaging Core Facility.

No alerts have been found for University of Nevada Reno School of Medicine High Spatial and Temporal Resolution Imaging Core Facility.
