University of Pittsburgh Dietrich School Materials Characterization Laboratory Core Facility

RRID:SCR_025127

Type: Tool

Proper Citation

University of Pittsburgh Dietrich School Materials Characterization Laboratory Core Facility (RRID:SCR_025127)

Resource Information

URL: <https://researchservices.pitt.edu/facilities/materials-characterization-lab>

Proper Citation: University of Pittsburgh Dietrich School Materials Characterization Laboratory Core Facility (RRID:SCR_025127)

Description: Facility maintains large array of instrumentation for production and analysis of complex materials, including nanoparticles, thin films, polymers, ceramics, and molecular electronics. Oversees operations of Department Biological Instrumentation Cluster which provides access to specialized equipment used in molecular biology and biological chemistry.

Abbreviations: MCL

Synonyms: University of Pittsburgh Dietrich School Materials Characterization Laboratory

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, production and analysis of complex materials, nanoparticles, thin films, polymers, ceramics, molecular electronics,

Resource Name: University of Pittsburgh Dietrich School Materials Characterization Laboratory Core Facility

Resource ID: SCR_025127

Alternate IDs: ABRF_2672

Alternate URLs: <https://coremarketplace.org/?FacilityID=2672&citation=1>

Record Creation Time: 20240320T053304+0000

Record Last Update: 20260912T200438+0000

Ratings and Alerts

No rating or validation information has been found for University of Pittsburgh Dietrich School Materials Characterization Laboratory Core Facility.

No alerts have been found for University of Pittsburgh Dietrich School Materials Characterization Laboratory Core Facility.
