University of Virginia School of Medicine Exercise Physiology Core Facility

RRID:SCR_025474

Type: Tool

Proper Citation

University of Virginia School of Medicine Exercise Physiology Core Facility
(RRID:SCR_025474)

Resource Information

URL: <https://med.virginia.edu/exercise-physiology-core-laboratory/>

Proper Citation: University of Virginia School of Medicine Exercise Physiology Core Facility (RRID:SCR_025474)

Description: Promotes the expansion and enhancement of clinical research that incorporates exercise physiology and body composition into research questions. Offers measures of resting and exercise oxygen consumption, lactate threshold assessment, endothelial function, regional distribution of body fat, body composition assessment, anthropometry, and the use of acute exercise and/or exercise training as an intervention.

Abbreviations: EPCL

Synonyms: , UVA School of Medicine Exercise Physiology Core Laboratory, Exercise Physiology Core Laboratory, University of Virginia School of Medicine Exercise Physiology Core Laboratory

Resource Type: core facility, service resource, access service resource

Keywords: exercise physiology and body composition, measures of resting and exercise oxygen consumption, lactate threshold assessment, endothelial function, regional distribution of body fat, body composition assessment, anthropometry

Resource Name: University of Virginia School of Medicine Exercise Physiology Core Facility

Resource ID: SCR_025474

Alternate IDs: ABRF_2827

Alternate URLs: <https://coremarketplace.org/?FacilityID=2827&citation=1>

Record Creation Time: 20240712T053246+0000

Record Last Update: 20260801T191318+0000

Ratings and Alerts

No rating or validation information has been found for University of Virginia School of Medicine Exercise Physiology Core Facility.

No alerts have been found for University of Virginia School of Medicine Exercise Physiology Core Facility.
