Colorado State University Microscopes for Open Access Imaging Core Facility

RRID:SCR_025891
Type: Tool

Proper Citation

Colorado State University Microscopes for Open Access Imaging Core Facility (RRID:SCR_025891)

Resource Information

URL: https://moai.colostate.edu/

Proper Citation: Colorado State University Microscopes for Open Access Imaging Core Facility (RRID:SCR_025891)

Description: Light and fluorescence microscopy core facility with Zeiss, Nikon, 3I, Leica and Olympus Microscopes. Distributed light microscopy core facility consisting of inverted and upright confocal microscopes (laser scanning and spinning disk) some with superresolution, atomic force microscopy, total internal fluorescence reflection (TIRF), high throughput multicolor imaging of fixed tissue sections or cells on slides, and live cell imaging in most modalities.

Abbreviations: MOAI

Synonyms: , Microscopes for Open Access Imaging (MOAI), Microscopes for Open Access Imaging, Colorado State University Microscopes for Open Access Imaging, Colorado State University Microscopes for Open Access Imaging (MOAI)

Resource Type: access service resource, core facility, service resource

Keywords: Light and fluorescence microscopy, inverted and upright confocal microscopes, laser scanning and spinning disk, imaging

Funding:

Resource Name: Colorado State University Microscopes for Open Access Imaging Core Facility

Resource ID: SCR_025891

Alternate IDs: ABRF_2958

Alternate URLs: https://coremarketplace.org/?FacilityID=2958&citation=1
