Proper Citation: Dresden University of Technology Mass Cytometry Core Facility (RRID:SCR_027145)

Description: Facility provides customized solutions for complex single cell profiling with up to 45 markers simultaneously. Offers full service and established workflows from panel design, antibody labelling and sample processing to high-dimensional data analysis. Offers expertise in antibody conjugation, sample staining, and data analysis.

Synonyms: Mass Cytometry Core Facility (CyTOF)

Resource Type: core facility, service resource, access service resource

Keywords: ABRF, single cell profiling, panel design, antibody labelling, sample processing, sample staining, data analysis,
