University of Michigan Human Organoid Core Facility

RRID:SCR_027333

Type: Tool

Proper Citation

University of Michigan Human Organoid Core Facility (RRID:SCR_027333)

Resource Information

URL: <https://www.umichttml.org/>

Proper Citation: University of Michigan Human Organoid Core Facility (RRID:SCR_027333)

Description: Core enables the use of primary human organoids as tissue models for discovery, translation and regenerative medicine by providing:access to high-quality, well-characterized neonatal through adult human organoid lines from multiple organs for investigators studying human development and disease; access to detailed protocols; access to specialized, quality controlled and batch-tested reagents; expertise, guidance and training; help obtaining data;help establishing organoid lines;letters of support for grant submissions.

Synonyms: Human Organoid Multi-organ Biosample Repository, University of Michigan Human Organoid Core (UM-HOC, formerly the Translational Tissue Modeling Laboratory), University of Michigan Translational Tissue Modeling Laboratory Core Facility

Resource Type: core facility, service resource, access service resource

Keywords: organoid, NAMs, primary human tissue models, drug discovery, translation, regenerative medicine, development, ABRF

Resource Name: University of Michigan Human Organoid Core Facility

Resource ID: SCR_027333

Alternate IDs: ABRF_4094

Alternate URLs: https://coremarketplace.org/RRID:SCR_027333/?citation=1

Record Creation Time: 20250818T062958+0000

Record Last Update: 20260801T191417+0000

Ratings and Alerts

No rating or validation information has been found for University of Michigan Human Organoid Core Facility.

No alerts have been found for University of Michigan Human Organoid Core Facility.
