Type: Tool

Proper Citation

University Health Network Biospecimen Services Core Facility (RRID:SCR_027519)

Resource Information

URL: <https://uhnbiospecimenservices.com/>

Proper Citation: University Health Network Biospecimen Services Core Facility (RRID:SCR_027519)

Description: Core provide services for the enhancement and progression of novel and innovative research and discovery. Provides human biospecimen samples such as: fresh frozen and formalin fixed paraffin embedded (FFPE) tissue, compartmentalized blood components such as serum, plasma, and whole blood peripheral blood mononuclear cells (PBMCs) and other biofluids, including saliva and urine; Tissue microarray (TMA) construction and quantitative image analysis of TMA sections, Laser capture microdissection (LCM), digital slide scanning, quantitative image, and pathological/clinical analysis for various tumour sites and DNA/RNA extraction; support and guidance to researchers and biobanks on accessing, collecting, and using human biospecimens and associated data for health research.

Synonyms: UHN Biospecimen Services

Resource Type: material storage repository, storage service resource, service resource, core facility, biospecimen repository, access service resource

Keywords: ABRF, tumour, DNA/RNA extraction, digital slide scanning, quantitative image, laser capture microdissection, tissue microarray, human biospecimen samples, fresh, frozen, formalin fixed, paraffin embedded, tissue, compartmentalized blood components, serum, plasma, whole blood peripheral blood mononuclear cells, biofluids

Resource Name: University Health Network Biospecimen Services Core Facility

Resource ID: SCR_027519

Alternate IDs: ABRF_5424
