George Washington University McCormick Bioinformatics Core Facility

RRID:SCR_028112

Type: Tool

Proper Citation

George Washington University McCormick Bioinformatics Core Facility
(RRID:SCR_028112)

Resource Information

URL: <https://biochemistry.smhs.gwu.edu/mccormick-bioinformatics-core-mbc>

Proper Citation: George Washington University McCormick Bioinformatics Core Facility
(RRID:SCR_028112)

Description: Core provides advanced computational analysis and consultation for high-throughput genomics and multi-omics research. Supports investigators across GW and external collaborators with experimental design, data processing, statistical analysis, and biological interpretation of next-generation sequencing datasets. Offers expertise in bulk and single-cell transcriptomics, epigenomics, variant analysis, and integrative multi-omics approaches. Develops and maintains reproducible computational pipelines and collaborates closely with researchers to translate complex genomic data into actionable biological insights.

Synonyms: McCormick Bioinformatics Core (MBC)

Resource Type: core facility, service resource, access service resource

Keywords: ABRF, bulk and single-cell transcriptomics, epigenomics, variant analysis, integrative multi-omics,

Resource Name: George Washington University McCormick Bioinformatics Core Facility

Resource ID: SCR_028112

Alternate IDs: ABRF_5823

Alternate URLs: https://coremarketplace.org/RRID:SCR_028112/?citation=1

Record Creation Time: 20260314T064515+0000

Record Last Update: 20260801T191437+0000

Ratings and Alerts

No rating or validation information has been found for George Washington University McCormick Bioinformatics Core Facility.

No alerts have been found for George Washington University McCormick Bioinformatics Core Facility.
