Proper Citation: University of Hawaii at Manoa Integrative Center for Environmental Microbiomes and Human Health Microscopy Imaging Center for Research through Observation MICRO Imaging Core Facility (RRID:SCR_028841)

Description: Core provides access to instrumentation, training, flow cytometry services, and advanced microscopy (light, epifluorescence, confocal and laser tweezers/microdissection microscopy, and scanning and transmission electron microscopy) on a recharge basis. Clients may be trained to use instruments independently, elect to have a technician operate the instruments in their presence, or may contract the technician to conduct the work and provide finished products. Provides workshops, demonstrations, and laboratory sessions for UH undergraduate and graduate courses, staff, and faculty.
