Proper Citation: University of New Mexico Comprehensive Cancer Center Flow Cytometry Shared Resource Core Facility (RRID:SCR_028918)

Description: Core provides centralized access to advanced cytometry technologies and expert technical support. Offers flow cytometric analysis and high-speed cell sorting through full-service acquisition, assisted workflows, and independent use. Services include classical immunophenotyping, cell cycle and apoptosis analysis, tumor microenvironment and leukocyte infiltration studies, and single-cell sorting for monoclonal line generation, CRISPR library construction, or integration into sort-to-sequencing workflows (e.g., 10x Genomics scRNA-seq). Bulk sorting is also available for re-culturing, transplantation, or downstream omics analyses.

Synonyms: , UNMCCC Flow Cytometry Shared Resource, University of New Mexico Comprehensive Cancer Center Flow Cytometry Shared Resource

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, flow cytometric analysis, high-speed cell sorting, immunophenotyping, cell cycle and apoptosis analysis, tumor microenvironment and leukocyte infiltration studies, CRISPR library construction,

Availability: Open

Resource Name: University of New Mexico Comprehensive Cancer Center Flow Cytometry Shared Resource Core Facility

Resource ID: SCR_028918

Alternate IDs: ABRF_6184

Alternate URLs: https://coremarketplace.org/RRID:SCR_028918/?citation=1

Record Creation Time: 20260831T040603+0000

Record Last Update: 20260912T200602+0000

Ratings and Alerts

No rating or validation information has been found for University of New Mexico Comprehensive Cancer Center Flow Cytometry Shared Resource Core Facility.

No alerts have been found for University of New Mexico Comprehensive Cancer Center Flow Cytometry Shared Resource Core Facility.
