Proper Citation: Drug-Interactions (RRID:SCR_002336)

Description: Table designed as a hypothesis testing, teaching and reference tool for physicians and researchers interested in drug interactions that are the result of competition for, or effects on the human cytochrome P450 system. The table contains lists of drugs in columns under the designation of specific cytochrome P450 isoforms. A drug appears in a column if there is published evidence that it is metabolized, at least in part, via that isoform. It does not necessarily follow that the isoform is the principal metabolic pathway in vivo, or that alterations in the rate of the metabolic reaction catalyzed by that isoform will have large effects on the pharmacokinetics of the drug., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

Abbreviations: Drug Interactions

Synonyms: Cytochrome P450 Drug Interaction Table, Cytochrome P450 Drug Interactions, P450 Drug Interactions

Resource Type: data or information resource, data set

Keywords: drug, cytochrome p450, cytochrome, interaction, isoform, metabolic, p450, pathway, pharmacokinetic, physician, substrate, clincial, inhibitor, inducer, drug interaction, genetics

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Drug-Interactions

Resource ID: SCR_002336

Alternate IDs: nif-0000-21132

Alternate URLs: <http://drug-interactions.com>

Record Creation Time: 20220129T080212+0000

Record Last Update: 20260905T133323+0000

Ratings and Alerts

No rating or validation information has been found for Drug-Interactions.

No alerts have been found for Drug-Interactions.
