Proper Citation: Community Tissue Services - CTS (RRID:SCR_004582)

Description: Community Tissue Services (CTS), a not-for-profit tissue bank, was founded in Dayton, Ohio in 1986 as a division of the Community Blood Center. The tissue bank was established to help patients in need of life saving or life enhancing tissue grafts. CTS' goal is to educate the community of the importance of tissue donation so that families can make informed decisions about the options of donation. CTS serves the public through recovery, processing and distribution of human tissue grafts used for transplantation. Since 1994, CTS has expanded its Dayton, Ohio operations into Texas, Oregon, California, Indiana, Pennsylvania and Tennessee, with over 300 employees nationwide. CTS is an accredited member of the American Association of Tissue Banks and CTS-CTIR is ISO 13485 certified. Strongly committed to providing the highest quality of tissues for transplantation, the tissue bank complies with all federal and state regulations. CTS is currently one of the largest US tissue banks, distributing nearly 10% of the tissue grafts in the United States. CTS is the largest nonprofit provider of skin grafts to surgeons for severe burn patients.
