CoPub

RRID:SCR_005327

Type: Tool

Proper Citation

CoPub (RRID:SCR_005327)

Resource Information

URL: <http://services.nbic.nl/copub/portal/>

Proper Citation: CoPub (RRID:SCR_005327)

Description: Text mining tool that detects co-occurring biomedical concepts in abstracts from the MedLine literature database. It allows batch input of multiple human, mouse or rat genes and produces lists of keywords from several biomedical thesauri that are significantly correlated with the set of input genes. These lists link to Medline abstracts in which the co-occurring input genes and correlated keywords are highlighted. Furthermore, CoPub can graphically visualize differentially expressed genes and over-represented keywords in a network, providing detailed insight in the relationships between genes and keywords, and revealing the most influential genes as highly connected hubs.

Abbreviations: CoPub

Resource Type: data access protocol, service resource, software resource, web service

Defining Citation: [PMID:18442992](#)

Keywords: microarray, gene, literature, enrich, annotate, network, database, differential expression, bio.tools

Funding: Netherlands Bioinformatics Centre

Availability: Free, Public, Acknowledgement requested

Resource Name: CoPub

Resource ID: SCR_005327

Alternate IDs: OMICS_01178, biotools:copub

Alternate URLs: <https://bio.tools/copub>

Old URLs: <http://services.nbic.nl/cgi-bin/copub/CoPub.pl>

Record Creation Time: 20220129T080229+0000

Record Last Update: 20260905T132533+0000

Ratings and Alerts

No rating or validation information has been found for CoPub.

No alerts have been found for CoPub.
