HCV Immunology Database

RRID:SCR_007086

Type: Tool

Proper Citation

HCV Immunology Database (RRID:SCR_007086)

Resource Information

URL: <http://hcv.lanl.gov/content/immuno/immuno-main.html>

Proper Citation: HCV Immunology Database (RRID:SCR_007086)

Description: The HCV Immunology Database contains a curated inventory of immunological epitopes in HCV and their interaction with the immune system, with associated retrieval and analysis tools. The funding for the HCV database project has stopped, and this website and the HCV immunology database are no longer maintained. The site will stay up, but problems will not be fixed. The database was last updated in September 2007. The HIV immunology website contains the same tools, and may be usable for non-HCV-specific analyses. For new epitope information, users of this database can try the Immuno Epitope Database (<http://www.immuneepitope.org>).

Abbreviations: HCV Immunology Database

Synonyms: Los Alamos Hepatitis C Immunology Database, Hepatitis C Virus Immunology Database, Hepatitis C Immunology Database

Resource Type: analysis service resource, data analysis service, data or information resource, database, production service resource, service resource

Defining Citation: [PMID:16309340](#)

Keywords: epitope, immune system, hepatitis c virus, hepatitis c, immunology, t cell, protein, alignment, antibody, binding site

Related Condition: Hepatitis C

Funding: NIAID

Availability: The data and some of the HCV database tools are available for download for non-commercial use.

Resource Name: HCV Immunology Database

Resource ID: SCR_007086

Alternate IDs: nlx_151412

Record Creation Time: 20220129T080239+0000

Record Last Update: 20260905T132606+0000

Ratings and Alerts

No rating or validation information has been found for HCV Immunology Database.

No alerts have been found for HCV Immunology Database.
