Biopython

RRID:SCR_007173

Type: Tool

Proper Citation

Biopython (RRID:SCR_007173)

Resource Information

URL: <http://biopython.org>

Proper Citation: Biopython (RRID:SCR_007173)

Description: Biopython is a set of freely available tools for biological computation written in Python by an international team of developers. It is a distributed collaborative effort to develop Python libraries and applications which address the needs of current and future work in bioinformatics. The source code is made available under the Biopython License, which is extremely liberal and compatible with almost every license in the world. It works along with the Open Bioinformatics Foundation, who generously host it's website, bug tracker, and mailing lists. Sponsor: This resource is supported by the Open Bioinformatics Foundation. Keywords: Tool, Software, Python, Biological, Computation, Bioinformatics,

Synonyms: Biopython

Resource Type: software application, software development tool, software resource

Defining Citation: [DOI:10.1093/bioinformatics/btp163](https://doi.org/10.1093/bioinformatics/btp163)

Resource Name: Biopython

Resource ID: SCR_007173

Alternate IDs: OMICS_04850, nif-0000-30202

Old URLs: <https://sources.debian.org/src/python-biopython-doc/>

Record Creation Time: 20220129T080240+0000

Record Last Update: 20260905T133238+0000

Ratings and Alerts

No rating or validation information has been found for Biopython.

No alerts have been found for Biopython.
