## Ensembl Bacteria

RRID:SCR\_008679

Type: Tool

### Proper Citation

Ensembl Bacteria (RRID:SCR\_008679)

### Resource Information

**URL:** <http://bacteria.ensembl.org/index.html>

**Proper Citation:** Ensembl Bacteria (RRID:SCR\_008679)

**Description:** The Ensembl Genomes project produces genome databases for important species from across the taxonomic range, using the Ensembl software system. Five sites are now available, one of which is Ensembl Bacteria, which houses bacterial species. All bacterial collections in Ensembl Bacteria have been updated with the latest data from ENA and UniProtKB. New genomes have been added to Escherichia/Shigella (3 additional genomes) and Staphylococcus (3 additional genomes). The mapping of array probes has been expanded to all genomes in the Escherichia/Shigella and Staphylococcus collections. Ensembl Bacteria also now features improved interfaces for selecting regions of circular molecules a new visualisation allowing the large scale comparison of multiple genomes. In multi-synteny view, users can select multiple genomes and observe the syntenic relationships between them. Sponsors: EnsemblBacteria is a project run by EMBL - EBI to maintain annotation on selected genomes, based on the software developed in the Ensembl project developed jointly by the EBI and the Wellcome Trust Sanger Institute.

**Synonyms:** EnsemblBacteria

**Resource Type:** data or information resource, database

**Keywords:** escherichia, array, bacterial, bacterium, circular, database, genome, mapping, molecule, proble, shigella, software, specie, staphyococcus, taxonomic, visualization, FASEB list

**Resource Name:** Ensembl Bacteria

**Resource ID:** SCR\_008679

**Alternate IDs:** r3d100011195, nif-0000-33711

**Alternate URLs:** <https://doi.org/10.17616/R3WD1C>, <https://doi.org/10.17616/R3WD1C>

**Record Creation Time:** 20220129T080248+0000

**Record Last Update:** 20260905T133154+0000

---

## Ratings and Alerts

No rating or validation information has been found for Ensembl Bacteria.

No alerts have been found for Ensembl Bacteria.
