Proper Citation: Ensembl Plants (RRID:SCR_008680)

Description: Ensembl Genomes project produces genome databases for important species from across the taxonomic range, using the Ensembl software system. Five sites are now available, one of which is Ensembl Plants, which houses plant species. Sponsors: EnsemblPlants is a project run by EMBL - EBI to maintain annotation on selected genomes, based on the software developed in the Ensembl project developed jointly by the EBI and the Wellcome Trust Sanger Institute.

Synonyms: EnsemblPlants

Resource Type: data or information resource, database

Keywords: database, genome, plant, software, specie, taxonomic, FASEB list

Availability: Free, Freely available,

Resource Name: Ensembl Plants

Resource ID: SCR_008680

Alternate IDs: nif-0000-33715, r3d100011199
