HAP-SAMPLE

RRID:SCR_009234

Type: Tool

Proper Citation

HAP-SAMPLE (RRID:SCR_009234)

Resource Information

URL: <http://www.hapsample.org/>

Proper Citation: HAP-SAMPLE (RRID:SCR_009234)

Description: Web application for simulating SNP genotypes for case-control and affected-child trio studies by resampling from Phase I/II HapMap SNP data. The user provides a list of SNPs to be genotyped, along with a disease model file that describes causal SNPs and their effect sizes. The simulation tool is appropriate for candidate regions or whole-genome scans. (entry from Genetic Analysis Software)

Abbreviations: HAP-SAMPLE

Resource Type: analysis service resource, data analysis service, production service resource, service resource, software application, software resource

Keywords: gene, genetic, genomic, web-based

Resource Name: HAP-SAMPLE

Resource ID: SCR_009234

Alternate IDs: nlx_154392

Record Creation Time: 20220129T080251+0000

Record Last Update: 20260905T132632+0000

Ratings and Alerts

No rating or validation information has been found for HAP-SAMPLE.

No alerts have been found for HAP-SAMPLE.
